BROOK TRAFFIC LIGHT TOOL TRAINING Harmful Sexual Behaviours

Aim:

The training and accompanying Tool equip professionals to make consistent and informed decisions that neither stigmatise nor criminalise young people. Participants will learn about healthy sexual development, understand key laws relating to sexual behaviour and gain knowledge on enabling robust and meaningful conversations around harmful sexual behaviours that cause concern.

Audience:

Safeguarding Leads within individual agencies who can support their colleagues/team when there is a need to use the Brook Traffic Light Tool. Once trained, delegates will receive a licence to access the Brook Traffic Light Tool, which they can use to support their colleagues/teams in identifying harmful sexual behaviours. **Please note: this training is not open to workers from Children's Services - Children's Services L&D will be providing training via their platform**

Schools

The HSCP are funding licences for Schools to access this training via e-learning. Please contact hscpcourses@herfordshire.gov.uk for further information.

Joining:

As we are limiting the number of licences per agency, can **Agency Leads please identify who in their agency they would like to put forward** via email - hscpcourses@hertfordshire.gov.uk – giving their preferred date of training and a backup date. **Booking for this training cannot be done via our training website.** We will let the successful delegates know and will also keep a waiting list for any places that agencies do not require.

The dates/times for the training are below – each training sessions is 3.5hrs.

Date	Time

Working with Mothers with Emotionally Unstable Personality Disorder (EUPD)

Delivered by:

The HPFT Community Perinatal Team:

- Dr Sarah Cohen, Consultant Perinatal Psychiatrist
- Dr Shetal Patel, Clinical Perinatal Psychologist
- Dr Natasha Gray, Parent-Infant Psychologist.

Held over a 2.5hr session (with a 10min break) starting at 9:30am, via MS Teams (equivalent to a half day training session)

Target audience:

Non-mental health professionals who work with pregnant women and mothers who have Emotionally Unstable Personality Disorder, e.g. but not limited to Children's services practitioners; midwives and health visitors:

Content:

This course is to support staff who are working with families where parents (particularly the mother) has Emotionally Unstable Personality Disorder (EUPD). To include:

- Why EUPD develops; how it manifests and the impact of EUPD on the family in the perinatal period.
- Risks that EUPD poses and risk assessment
- Advice on working with mothers with EUPD to reduce risks
- Understanding and supporting the parent infant relationship when a parent has EUPD

Date	Availability
12 October 2022 1:30-4pm	Places available
10 January 2023 9:30-12am	Places available

You can log onto the HSCP or HSAB booking systems and add your name to our waiting lists for any courses

Graded Care Profile – a tool to be used when on-going Neglect is a concern

Held over a 3hr session (with a comfort break) starting at 10am, via MS Teams (equivalent to a half day training session)

Target audience: appropriate for any professionals working directly with children and their families within the home or other settings (social workers, health visitors, school nurses, community nursery nurses, specialist children's nurses, children centre workers, schools).

Aim of the Course: Understand the evidence based research behind the development of and use of the Graded Care Profile (GCP) tool kit, introduce the GCP tool kit, develop the skills to use the tool kit, understand the scoring system, consider how a GCP assessment is used in future service and support development for the children and their families.

Attendance Criteria: Basic/Stage 1 Safeguarding Children training should have been undertaken prior to accessing this training.

Learning Outcomes:

- There will be a better understanding of the GCP tool and how to use it
- Have an understanding how to adapt the way the GCP is used in regards to a family's needs/ability to participate
- Have a better understanding of how to complete the tool kit using multi-agency input
- The candidate will complete a GCP, the scoring and compile a future action plan to work with the family to reduce the risks/concerns
- The candidate will have a better understanding of when to step up their concerns using the GCP as additional evidence.

PRE-COURSE WORK

Please see the 'Download Course Materials' link on your training account dashboard where, under the 'Pre-course' section, you will be able to access the pre-reading material for the training session and copies of all the documents necessary for the session.

Please note – It is very important that the pre-course reading is undertaken by all delegates prior to attending the training as it will inform the most important parts of the session.

Understanding and Identifying Neglect, with a Focus on Early Help

Held over a 2hr session, with a short comfort break. Start time 10am.

Target audience: Any professional working with children and their families

Attendance criteria: Participants will have already attended child protection awareness training and have an understanding of the signs and symptoms of child abuse.

Aim of the Course: To provide professionals with a greater understanding of the concept of neglect and what current research tells us in relation to the abuse of children.

Learning Outcomes:

By the end of the course, participants will be able to:

- establish a working definition of neglect
- recognise signs and symptoms in children and young people who are suffering, or may be suffering, neglect
- explore the impact of neglect on child development
- make use of research and findings from Serious Case Reviews to inform practice
- gain understanding of the importance of a multi-agency approach to neglect

Safeguarding and Child Protection Multi Agency Course

Held over two 1.5hr sessions starting at 9:45am and finishing at 2.45pm, via MS Teams (equivalent to a one day training session)

Target audience: Any professional working with children and their families

Attendance criteria: Delegates must have completed Level 1 Safeguarding/Child Protection training within their own agency.

Learning Outcomes:

By the end of the course, participants will:

- gain knowledge of what to do when participants suspect that a child is suffering abuse;
- be aware of the locally agreed procedures and the expectations of the participant's role in safeguarding and promoting the welfare of children and the importance of working together to achieve this;
- have an understanding of key relevant legislation and statutory guidance in this area;
- consider the needs of the child across the continuum of care, from early help to child protection utilising the local thresholds document;
- refresh their practitioner knowledge of the key categories of harm and how these might be identified;
- look at what happens after the concern has been raised and acknowledged; and
- look beyond the referral at how concerns are addressed including the child protection conference process.

Physical Abuse in Children and Young People (Includes suspicious bruises/marks in children under 6 months)

Held over a 2hr session starting at 10am, via MS Teams (equivalent to a half day training session)

Target audience: Health Visitors, School Nurses, Social workers, Assistant Team Managers, Team Managers, Nursery Nurses, Child Care Workers, Children Centre Staff, Teachers, Police Officers, CAIU, Youth workers, Allied Health professionals, GPs

Aim of the Course: To enable the multi-agency team to recognise and respond to physical abuse in children

Pre-course Work: Please see the '**Download Course Materials**' link from our training website, under the '**Pre-course**' section, you will be able to access all the pre-reading materials and download the preparation worksheet.

Please note – The documents for download are useful reading and tools for you and we recommend that you read these as part of your forward learning around physical abuse in children.

Please also download **the HSCP Policy** ['Management of Suspicious bruises/ marks in infants under 6 months for all front line professionals'](#)

Learning Outcomes:

- To embed the practice of using the HSCP pathways for physical abuse
- To raise awareness of Serious Case Reviews involving physical abuse of children
- To broaden knowledge around assessment of bruising in small children
- To enable professionals to effectively respond and refer for children where physical abuse is suspected

Disguised Compliance & Avoidant Families

Held over a 2hr 15min session, via MS Teams (equivalent to a half day training session)

Trainers: Health and Children's Services Partners

Target audience: Practitioners from all agencies working with children, young people and their families

Aim of the Course: This is a multi-agency course giving practitioners the opportunity to recognise, deal with, and at times challenge, the behaviours of resistance and avoidance tactics employed by potentially aggressive parents.

Pre-course Work: Please see the 'Download Course Materials' on our training website where, under the 'Pre-course' section, you will be able to access the schedule for the training session, a copy of the Disguised Compliance Top Tips booklet and a pre-course worksheet.

Please note – It is very important that the pre-course work is completed fully by all delegates prior to attending the training as it will form the basis for the first part of the session.

Learning Outcomes:

- To improve the confidence and skills of professionals dealing with issues of disguised compliance.
- Offer challenge and peer support to staff no matter what level in order to facilitate discussions with families exhibiting possible disguised compliance tactics.
- To increase knowledge, skills and competence of staff to recognise the signs and respond appropriately when working with avoidant families.
- To meet a locally identified need by service providers and commissioners.

Introduction to Mental Health

Target Audience:

Practitioners working with children and young people (age groups primary years 5 and 6, secondary schools and colleges)

Facilitator:

Herts Minds

Overview:

This session provides a universal introduction to mental health by increasing knowledge of how mental health relates to everyone. Individuals will be provided an overview of common mental health issues including, prevalence, signs and how they can affect young people. The session covers stigma and will help improve confidence in attendees around talking about mental health. The session closes with a brief overview of the 5-W2WB and makes attendees aware of the support available across Hertfordshire. This session is versatile in the audiences it may be tailored for.

Date	Availability
12 September 2022 10am to 11:30am	FULLY BOOKED
12 December 2022 10am to 11:30am	Places available

Emotional Wellbeing and Coping Strategies

Target Audience:

Practitioners working with child and young people

Overview:

This session focuses on how to maintain positive mental health. It gives a brief overview of the psycho-social emotional climate in young people and 3 key steps in how to identify emotions without judgement and choosing a response. You will learn research-based self-help strategies for positive emotional wellbeing relevant to young children and young adults, how to establish when further support is needed and how to access other support available.

Date	Availability

Spot the Signs (Youth Suicide Prevention Course)

Target Audience:

Practitioners working with children and young people aged 9yrs to 20yrs.

Overview:

The purpose of this session is to increase participants' knowledge and awareness about youth suicide. We will explore information about which groups of young people are most at risk and why, protective factors and increase confidence in using practical strategies for identifying and responding to signs of risk in young people. You will be provided with some of the latest information and statistics in regard to suicide in young people. We will also explore the effects of media and contagion on youth suicide, with the internet having an important contemporary role. This session is most suitable for individuals working/ caring for 9-year to 20-year olds.

Learning Outcomes:

- Have a broad awareness of suicide in young people, including being able to recognise some of the latest statistics and risk factors
- Understand some of the misconceptions surrounding suicide in young people and be aware of the impact of stigma.
- Have increased confidence in responding to and supporting young people with suicidal thoughts.
- Have an increased knowledge of services available in Hertfordshire to support young people with suicidal thoughts.
- Know where and when to signpost young people to for additional support.

Date	Availability

How to have conversations with Adolescents about Mental Health

Target Audience:

Practitioners working with children and young people

Overview

In this workshop we discuss mental health stigma, how adolescence is perceived and how to navigate interpersonal interactions in a way that promotes emotional wellbeing. This will be done in the context of the types of changes adolescents experience socially, psychologically and biologically. Content centred on how to improve resilience and communication will explore the benefits of talking openly, developing a support network, managing expectations and what to do if a conversation around mental health has not gone as planned. Attendees will receive a signposting guide of organisations to contact if they are ever in need of external support.

Learning Outcomes:

- Have an increased global understanding of the adolescent experience and a broader understanding of mental health
- Feel more confident holding and/or instigating a conversation around mental health and wellbeing
- An understanding of how to foster resilience in young people

Date	Availability
7 November 2022 2pm to 3:30pm	3 Places available
20 March 2023 10am to 11:30am	Places available

Voice of the Child – Opening Doors Facilitator: Triangle

Aims:

Adult responses to early concerns are key to children's safety. Guidance to front line staff can be very prohibitive, often telling people what not to do. This programme takes the opposite approach and will give participants:

- An understanding of observational commentary and how this can help a child to tell.
- An understanding of the elements of good forensic questioning, including question types and why they matter so much.
- Ways to keep an open mind when listening to children, including a range of open-ended questions and prompts that safely 'open doors' for children.
- Approaches to quickly establish rapport with children and set safe expectations when exploring initial concerns, including strategies for working with children in the presence of other adults.
- Knowledge about how trauma, impairment and disability can affect a child's vulnerability and communication.

By the end of the course, participants will be able to:

Open doors for disabled children and all children

All sessions are 9:30am to 12:30PM

Lunch & Learn: Understanding how Channel counters terrorism

Facilitator: Sophie Lawrence, Prevent Programme Manager, Community Protection, HCC

Aims:

This session will look at the aims and objectives of the Channel Panel, how it operates and the legislation that underpins the work carried out in this space. We have seen Channel feature in news headlines recently in relation to recent terrorist activity and in relation to the Government's Independent Review of Prevent – this is a topical session and will benefit those who are interested in safeguarding individuals from the harms of extremism and terrorism.

All sessions are 12:30pm to 1:30pm

HSAB Training Offer for Practitioners Working with ADULTS

DNACPR (Do Not Attempt Cardiopulmonary Resuscitation) Guide Launch

Wednesday, 3 August 2022, 1.30pm-2.30pm

This is a MS Teams Meeting which you can join by clicking on the link below

[Click here to join the meeting](#)

**Please note there is no need to book we will not be sending a calendar invite so make a note of this event if you would like to attend and use the link above to join the meeting*

Stephenie Evis, Named Nurse for Adult Safeguarding Hertfordshire and West Essex NHS ICB and **Hilary Gardiner**, Strategic Liaison Nurse – ACS Primary Health and Lead for Purple Star Strategy will explain about the roles and responsibilities of all those involved in DNACPR decision including concerned individuals, medical professionals, families and care staff.

[DNACPR Support Guide \(PDF 229KB\)](#) is available at [Hertfordshire Safeguarding Adults Board | Hertfordshire County Council](#) website.

Booking Conditions

HSCP training courses and charges

Our training courses build on the level 1 awareness sessions provided by agencies to their own staff.

Our programme includes full day and lite sessions. However, **during the Covid-19 period we are offering limited live webinar sessions, via MS Teams.**

All learning events are run by knowledgeable trainers and experts in the field, so you can be sure that the content will be interesting, stimulating and reflects safeguarding best practice in Hertfordshire.

Course Charges

There is a charge for all delegates from agencies that do not contribute to the HSCP or HSAB budget, including schools, district and borough councils, out of county providers and profit making private and independent organisations.

The charge for a full-day course is £75.00 per person

The charge for a half-day course is £50.00 per person

The charge for a Lite Bite sessions is £30 per person

Courses are free of charge to HSCP and HSAB contributory member agencies and the voluntary sector.

Cancellation Charges

Cancellation charges apply to everyone including those who fall into the free of charge payment category. Charges are as follows:

£75 per person per full-day course

£50 per person per half-day course

£30 per person per Lite Bite session

Cancellation charges applied if delegates fail to attend on the day or fail to attend on the day or fail to cancel in writing at least 14days in advance of the course.

MS Teams Guidance

Please note, you don't need to have Office 365 products (MS Teams) on your tech (PC, laptop, tablet or smartphone) to join as a guest, as long as you have a good broadband connection, a microphone and a web browser. (You do not necessarily need a webcam for this session).
