

Learning Hub Local Forums October 2019

Neglect

The Learning Hub is an important two-way feedback loop between front line practitioners and the Strategic Safeguarding Boards, ensuring learning on priority local issues is shared and acted on at all levels in a timely way. The next Learning Hub is running in October 2019 on the theme of 'Neglect'. Use the links below to book to attend a forum – you can choose the one most local to you, or the one focussing on the aspects of neglect that most interest you.

At the forums you will:

- Learn more about recognising and responding to neglect at the earliest stage, by hearing from local experts talking about their services
- Share practice with colleagues in other agencies in your local area.
- Have the opportunity to feed your views, concerns and suggestions about how multi-agency partners can work together to respond to neglect
- Know that your views, concerns and suggestions will be listened to and acted upon by the Strategic Partnership Group.
- *Please note that these forums are not formal training courses*

Who should attend:

- The forums are aimed at front line practitioners in all agencies in Hertfordshire that have a role in keeping children and adults with care and support needs safe
- Those working with children and families at the early intervention level may find these forums particularly useful.
