

## LITE BITE SESSIONS ACROSS HERTS

A DWP funded programme aimed at reducing parental conflict is being delivered across Herts, Essex, Bucks, Cambs, Southend and Peterborough for 2 years starting this July and it's called the Parenting Together Programme.

As a frontline practitioner supporting our families in Hertfordshire, we'd like to invite you to one of the lite bite sessions below to explain the new programme to you and let you know about the interventions and referral process for the programme as well as what training we will provide to support you. You will be using your skills to identify eligible parents; help parents open up and answer questions during a time and about a subject which is very personal to them. This may be very uncomfortable for parents and we understand the need for supporting you in any way we can to help get parents referred to ultimately improve outcomes for children.

Please follow one of the links below and register to attend the event and note that places will be allocated on a first-come, first served basis.

Please email [parentingtogether@hertfordshire.gov.uk](mailto:parentingtogether@hertfordshire.gov.uk) with your preferred venue and session time and work details; email address, phone number, role and organisation.
